INTERNATIONAL SYMPOSIUM ON GREEN SCIENCE AND CIRCULAR ECONOMY

SICVEC 2026

Brief for international partners and invited speakers

THE EVENT

Name:	Simposio Internacional de Ciencia Verde y Economía Circular 2026 (SICVEC 2026)
Dates:	19–20 October 2026 (Monday and Tuesday)
Venue:	[PENDING: venue], Sincelejo, Sucre, Colombia
Format:	Hybrid: in person in Sincelejo + live online participation
Attendance:	120–150 in-person participants + 300 online seats
Organizer:	Universidad de Sucre (UNISUCRE), Biology Programme, Faculty of Education and Sciences, IN SILICO Research Group
Languages:	Spanish and English

AIM

A meeting space for researchers, students and professionals in chemistry, physics, biology, mathematics, environmental sciences and engineering to share research on sustainable processes, green chemistry, biotechnology and circular economy, and to build inter-institutional collaborations. The symposium is aligned with SDGs 12, 13, 15 and 17.

THEMATIC AXES

1. Circular Economy: transition from linear to circular models, waste valorization, cascade economy, industrial symbiosis, life-cycle analysis.
2. Green Chemistry and Sustainable Processes: green synthesis, sustainable solvents, biocatalysis, clean processes, biomass valorization.
3. Sustainable Biotechnology: bioproducts, fermentation, green enzymes, biorefineries, bioplastics.
4. Green Technologies and Renewable Energy: clean energy, water treatment, environmental remediation, CO_2 capture.
5. Sustainability in Supply Chains: green certification, carbon footprint, cleaner production, agro-industrial innovation, short chains.
6. Public Policy and Environmental Governance: SDG 2030, regulatory frameworks, green incentives, environmental education.

INVITED TALKS (KEYNOTES)

Online, 45 minutes of presentation + 15 minutes of questions. Two keynotes per day (morning and afternoon). Invited speakers are asked for: talk title and short abstract, a short biography and a profile photo (for the programme and promotion), and confirmation of technical details before 1 October 2026.

CONTRIBUTED WORK (OPEN CALL)

Oral presentations (20 minutes: 15 + 5 for questions) and posters, in Spanish or English, on any of the six axes. Abstracts are peer reviewed and accepted work is published in the symposium proceedings. Online participation is free of charge for external and international participants.

KEY DATES

Call for abstracts	22 September – 10 October 2026 (23:59, Colombia time)
Notification of acceptance	15 October 2026
Final material	17 October 2026
Symposium	**19–20 October 2026, 08:00–18:00 (UTC−5)**
Proceedings	20 October 2026

CONTACT

General Coordinator: Dr. Aldo F. Combariza, IN SILICO Research Group, Universidad de Sucre. Email: aldo.combariza@unisucre.edu.co (coordination: insilico@unisucre.edu.co).

Event website and abstract submission platform: to be announced.
